**2010 NEEDS ASSESSMENT QUESTIONNAIRE**

The Stow Community Chest is surveying the people of Stow to assess what human services the town might lack. We will compile the results and add them to data from focus groups to be held in the coming months. We hope to use what we learn to support needed services through our grant process. Your input will help us understand where best to give the money people give to us. Please give us your thoughts by completing this form and returning it to us as soon as you can. Many thanks.
