

STOW COMMUNITY CHEST FUNDRAISING CAMPAIGN KICKS OFF

If you're reading this, then you're living in a great town where last year more than 300 households contributed to the Stow Community Chest. And our local businesses accounted for 17% of the more than \$60,000 in donations that were received. As a result, last spring the Chest was able to fund 19 agencies serving thousands of Stow residents.

This week, all Stow residents are receiving a packet of information about the 2010-2011 campaign. Please look it over and then use the return envelope or donate online at www.stowcommunitychest.org to make as generous a tax-deductible donation as you can make. With a single contribution to the Stow Community Chest, you can support a broad range of meaningful services that benefit just about every Stow resident in some way.

Included with the packet is a Guide to Human Services with phone numbers for a wide variety of services. It's a handy reference to keep near the phone.

Thank you for doing your part to keep Stow strong by contributing to your Community Chest.
