

THANK YOU, STOW BUSINESSES FROM THE STOW COMMUNITY CHEST!

The all-volunteer Stow Community Chest Board of Directors would like to thank all the businesses who have so generously supported us in our 2016-2017 year. Their funding has made a big difference in our ability to bring meaningful support to Stow's residents.

Our sincere appreciation goes to the following local businesses who partnered with the Chest to help us meet the growing needs of our community. We would like to give a special thanks to Patterson Auto Body, who generously funded the printing of our campaign materials in 2016, enabling individual contributions to go directly to the agencies that serve Stow residents.

We are grateful to our business contributors and are hopeful that Stow residents will also express appreciation by patronizing their businesses.
